Student Wellness and Success

In partnership with the Foundations, the Mercer County Health Department, the Mercer County Educational Service Center, and HOPE Squad, the Marion Local Schools will focus on the following objectives.

Objective 1: Continue to support and expand mental health services for students.
- Provide Guidance Counselor Services for all students K-12
- Increase mental health counseling services for students
- Support student mental health initiatives such as HOPE Squad

Objective 2: Continue to provide and expand physical health care services for students and staff.
- Provide Nursing Services for all students K-12.
- Provide School Psychologist Service for the district
- Support purchased services from the Mercer County ESC (Example: Career Navigator, Rose Academy, and Preschool)
- Support activities of the staff wellness committee
- Provide CPR and Heimlich Maneuver training for students and staff
- Provide AED's and maintenance of them across the district
- Provide glucagon and epiPens in each building
- Provide weight room coordinators to our student athletes

Objective 3: Continue and expand educational opportunities for students.
- Support the summer school program
- Support the K-12 student incentive reward program
- Provide high quality professional development for staff
- Expand support for the science of reading for staff and students
- Increase learning opportunities outside of the school day
- Improving student engagement (example: student incentive trips and lunches)
- Support and expand writing across the curriculum and other literacy initiatives
- Support and expand opportunities for blended learning and distance learning

Wisdom * Integrity * Service
